Qult

Candle holders

It looks like a real candle – and feels like one, too. But this one will last forever! Qult candle holders won't melt in the sun, won't turn yellow, or burn down too quickly. Every candle holder is hand made in Germany from premium wax-like material that stays permanently in shape and size. The interchangeable maxilights tealights sit neatly inside the candle holders and create a zen glow from inside out, radiating warmth as well as giving you the realistic ambiance of a flickering flame. So now you no longer have to worry about melted wax on your table!

Features & benefits

- Realistic wax-like candle holders made with top quality heat-resistant plastic
- Use interchangeable tealights made of premium wax
- Tealight burn time up to 10 hours
- UV and crack resistant
- Nice and clean: no messy wax
- Made in Germany

Warranty: 12 Months

tableLights tip: Did you know? Our Qult candle holders can be branded with your logo. Ask one of our team for information.

Fermob

Coordinate your Balad light with our offset stand, perfect for lighting your table from above.

The Balad lamp is sleek and attractive in design. This cordless light looks great on any table, and can be suspended from its metal handle. Move it anywhere you want: lounge to garden, beach to pool.

The offset stand is a wide-angle stand that brings light to the centre of a table full of diners. For the best look, we recommend you use this stand with the Balad 38cm

Moon! is equally at home indoors or outdoors, on a dining or cafe table as mood lighting or accent lamps.

Features & benefits

Balad

- Set to warm or cold white light
- Water resistant
- Shock & UV resistant

Yeelight

The Candela LED lamp with its warm yellow light, and elegant design. With BLE Mesh technology, Candelas can communicate with each other, allowing you to simultaneously control up to 30,000 Candelas at once. Simply rotate any one Candela and watch all the others collectively spring to life, matching the brightness of the one you are controlling. Rechargeable via USB cable and lasts up to 8 hours. The sleek design means the three control settings are hidden from sight, making it easy to turn on/off or connect with Bluetooth.

Download the yeelight app and control all your yeelights easily from your phone.

Warranty: 6 Months

Table lights
