HOW TO WEAR THEM

UNIFORM DESIGN

At Oliver Harvey, we pride ourselves on the design and manufacture of chefs wear and restaurant aprons. We feel that our ranges accommodate most people's needs; however, if you require something more exclusive, we have the skills and production facilities to bring your ideas to life. Our UK manufacturing base allows us to make high quality, bespoke products in lead times far shorter than any other apron or chef wear manufacturer can achieve.

SUPER BESPOKE APRONS

The majority of the bespoke products that we make are largely based on our existing range of products. This ensures that we create bespoke versions of tried and tested products that we know will stand the test of time, be functional in the workplace and be practical (and therefore affordable) to manufacture.

It is important to note that the Bespoke Products service is subject to minimum order quantities. For most items, our minimum order quantity is 50 units. Please note: this is not a contract manufacturing service, we will only produce bespoke Oliver Harvey garments directly for our customers.
