VICTORIA'S GARDEN

AVAILABLE IN
RED | GREEN | BLUE

Victoria's Garden' offers a modern take on a classic patchwork design technique associated with one of Royal Crown Derby's most revered patterns, Imari Japan.

Floral patterns from the 1880 Royal Crown Derby archive have been thoughtfully selected and combined to reflect the hand-drawn artwork created during the reign of Queen Victoria.

Each piece is fired at extremely high temperatures enabling the decoration to sink deeply into the glaze, giving the collection its striking depth of colour.

Available in six colours, this collection shouts vintage-chic with a modern, eclectic twist. The endless colour combinations give versatility and scope for creativity on the tabletop; effortlessly dress up or down, and seamlessly move between relaxed and formal dining occasions.

ROYAL ALBERT HALL

One of London's most iconic venues and the UK's oldest maker of tableware have created an exquisite tea set that captures the history and heritage of one of the world's most treasured buildings.

Queen Victoria opened the Royal Albert Hall in 1871, whilst 130 miles north, Royal Crown Derby were preparing to move into their third factory and current home, Osmaston Works.

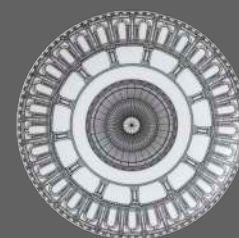

Royal Crown Derby's artists have skilfully captured the intricate architectural details of the Royal Albert Hall, playfully using the letter 'A' which can be seen across the hall.

Presented in a subtle yet striking grey colourway this collection oozes style and sophistication either as a modern tea set or as memorable gift.

TITANIC

LUXURY TABLEWARE STEEPED IN BRITISH HISTORY

A unique demonstration of how history has influenced the future of luxury fine bone china.

On the 10th of April 1912, the RMS Titanic set sail for New York. Acclaimed to be the most luxurious liner ever built, Royal Crown Derby was commissioned to supply the first-class dining suite. The original order placed by the ship's procurement team is kept in the Royal Crown Derby Museum archives. 11 decades later the Titanic pattern continues to grace the tabletops of the world's finest clientele.

REBEL

Rebel sets a new standard in luxury dining by turning its back on convention and delivering English fine bone china with an industrial-chic twist.

Developed by Alchemists for over four years, every piece is dusted by hand with Royal Crown Derby's secretive 'dragon skin powder'. The result is as visually striking as it is original. Endless depth of pattern and vivid colour spectrums provide a playground for the culinary artist where expression and individuality rule. For the diner, this collection is designed for the memory (and for that perfect Instagram shot).

ECO

AVAILABLE IN COASTAL BLUE & STONE

Inspired by the rustic colours, textures and imperfections of nature's journey from land to sea, E.C.O's organic appearance creates a sense of calm and honesty, yet delivers striking drama to any table top.

Highly reactive glazes are brushed onto the highest quality fine bone china by the hand of Artisans, giving every piece its own identity and story to tell.

Echoing the stunning landscapes of England's South Coast where Royal Crown Derby's china clay is mined, highly intricate finishes provide a captivating backdrop for any chef and will spark the imagination of every diner.

ART GLAZE

SHAPING THE FUTURE OF LUXURY DINING.

By extending the technicalities of producing fine bone china, the Art Glaze collection showcases Royal Crown Derby's innovation and design techniques through the use of a reactive glaze application unseen before on such a pure, translucent material. The Art Glaze collection is created using a hand applied sprayed art glaze finish to each piece producing a completely unique result.
